SOFTWARE DEVELOPER

Profile

Computer science was a really interesting subject for me when I really started to know more about it. I have a bachelor's degree in computer science and engineering. I have done a web application using block chain for completing my degree. I am currently pursuing a postgraduate diploma in programming and web technologies for acquiring skill in the following fields. Full stack web development ,android development, software development, React JS, I have done dating applications in php, photo sharing applications using docker compose,flutter, Blood bank app using android studio. I can adapt to technology changes and am interested in learning new technologies. I am currently working on developing a web application using Python Django.

Skills

Operating systems	Microsoft Windows,macOS,Linux
Web	HTML5,css,Django,Node js,React,flutter
Programming skill	C,C++,Java,JavaScript,Python,PHP,Golang,swift,solidity,dart
BlockChain Technologies	Ethereum
Database	SQL,PostgreSql,Firebase
Mobile	Android Studio

Education

Programming and web technologies ,Attestation of College Studies <i>Institut supérieur d'informatique - Montréal</i>	2021-
Computer Science and Engineering , Bachelor's degree <i>APJ AbdulKalam Technological University- India</i>	2015 - 2019

Certification

Ethereum and Solidity: The Complete Developer's Guide-Udemy
online academy

Projects

Hand Cricket game

The game was implemented using JavaScript,Html,CSS,In this game there are two players,the computer will automatically select a number from 1-10 when the player selects a number if they both select the same number or if the player played for 10 rounds the game is over, the player with the highest score will win the game.This project is an individual project.
